# Overview

---

Starting on or after January 1, 2023, home health services furnished using telecommunications technology may be voluntarily reported on a claim. This information will be required on HH claims for billing periods on or after July 1, 2023, to allow CMS to collect and analyze the use of telecommunications technology but will not be considered covered visits. The following G-Codes may only be reported on Type of Bill 32x with revenue codes 042x, 043x, 044x, 055x, 056x, and 057x:

- G0320: Home health services furnished using synchronous telemedicine rendered via real-time two-way audio and video telecommunications system
- G0321: Home health services furnished using synchronous telemedicine rendered via telephone or other real-time interactive audio-only telecommunications system
- G0322: The collection of physiologic data digitally stored and/or transmitted by the patient to the home health agency (for example, remote patient monitoring)

Complete the following steps to meet [CR 12805](#) requirements.

## Setup

---

### Add Telecommunications Disciplines

Go to **File>File Maintenance>System Settings**. Enter the Master Password (Admins with the Master Password should perform this step).

Click on the **Modality** tab.

Confirm the Telecommunications modalities are not already listed. If not listed proceed with the following steps in this section. If these modalities are already listed, skip to [Revenue/HCPCS](#).

Press the '+' button to add a new row and enter the fields as follows:

**Description:** Telecommunications AV

**Is-Visit:** check this box

**Care-Type:** OTHER

**Cost-Type:** Visit

**Cost-Amt:** enter your agency's cost for the discipline (optional – cost can also be entered at Charge level)

**Save** changes.

Press the '+' button to add another new row and enter the fields as follows:

**Description:** Telecommunications Data

**Is-Visit:** check this box

**Care-Type:** OTHER

**Cost-Type:** Visit

**Cost-Amt:** enter your agency's cost for the discipline (optional, used for Margin reports)

**Save** changes.

## PT Telecommunications Revenue/HCPCS Codes

Go to **File>File Maintenance>Category**, press **Change Type** and set the radio button to **Revenue Code**.

Click the **Add** button and enter the fields as follows:

**Code:** 0421G0320

**Description:** PT 2-way Audio and Video

**CPT/HCPCS:** G0320

**Save** changes.

Click the **Add** button again and enter the fields as follows:

**Save** changes.

**Repeat Revenue Code set-up for any other allowed modalities that will be furnishing services via telecommunications.**

## Charge Code Setup

New Charge Codes need to be created and linked to the new G-codes for claim submission. *The Charge Codes and Descriptions established here will need to be set up in the Billing Code library in Clinical and attached to the appropriate form there.*

Create new charge codes for each of the new Revenue Codes.

Example:

Go to **File>File Maintenance>Charge Code**.

Click the **Add** button and enter the fields as follows:

**Code:** PTTAV

**Description:** PT 2-Way Audio Visual Visit

**Modality:** Telecommunications AV

**Non-Billable:** leave unchecked

Click on the **Bill-Rate** tab and press the '+' button and enter 1/1/2023 as the Start-Date.

Choose **Visit** as the Basis and enter your Gross and Net amounts.

Click on the **Revenue-Codes** tab and press the '+' button to add a new row.

**Type:** Medicare Revenue Type.

**Code/Description:**0421G0320

**Start-Date:** 1/1/2023.

**End-Date:** 12/31/2099.

**GL-Account:** Enter appropriate account if using for GL reporting. Optional.

Add any other Revenue Types if needed (e.g. Medicare Advantage).

**Save** changes.

***This charge code must be added to the Billing Codes library in Clinical and attached to all necessary forms.***

Go back to the **Charge** tab.

**Repeat Charge Code set-up for all other allowed Revenue/G-Code combinations.**

## Insurance Setup

Go to **File>File Maintenance>Entity**, press **Change Type** and set to **Insurance**.

Select Medicare Insurance.

Click the **Insurance** tab.

In the **Billing Unit Overrides**, confirm is set to N/A (Units) for the Telecommunications AV modality and Units for the Telecommunications Data modality (if listed).

**Save** changes.

Complete these steps for any other payers that require these services on claims.

## Option Set Setup

Go to Billing>Electronic Claims.

**Option Set Selection:** Select the Medicare option set.

Click on the **Options** button.

Go to **Locator 2390.15**.

For the new telecommunications modalities make these selections:

**Use Modality:** Check

**Service Units:** Select Units for Telecommunications AV and Telecommunications Data modalities (entries here can be overridden in the Insurance Billing Units Override).

**Itemization:** select Visit.

**Save** changes.

Complete these steps for any other option sets that will be used to bill Medicare HH claims.
