Overview

The Centers for Medicare and Medicaid Services (CMS) have expanded the home health value-based purchasing (HHVBP) model for all home health care agencies nationwide. For agencies certified prior to 1/1/2022, 2022 will be used as the baseline year. 2023 will be the performance year for calculating improvement and payments will be adjusted accordingly for all agencies beginning in 2025. Agencies will be assigned a HHVBP payment adjustment factor based on the agency’s quality performance measures compared to its peers.

This document details how to enter the VBP amount in myUnity Essentials Billing and VBP reporting.

For more information on the HHVBP model, access the sites listed below.
